*Bo Andersson*, vice president of global purchasing and supply chain, General Motors Corporation, will present information on recent changes at GM and explain how automotive suppliers are affected at an Original Equipment Suppliers Association town hall meeting on April 6, 2005 at the MSU Management Education Center, Troy, Mich. OESA will hold registration and a networking opportunity from 8 a.m. – 9 a.m., followed by the program from 9 a.m. – 11 a.m. This event is only open to OESA members.

On March 1, 2005 GM announced significant organizational and leadership changes designed to enhance and accelerate global product development. GM realigned executive responsibilities and created an Automotive Product Board. The change will allow *Andersson* to focus on global purchasing and supplier activities.

*Andersson* will explain the motivation driving the organizational changes and how suppliers will be affected. *Andersson* has asked OESA for this opportunity to address any questions suppliers have regarding the new organization and any other issues or concerns suppliers have with GM.

OESA members should plan to attend this unique opportunity to learn about the new structure of GM purchasing and gain insight on GM supplier concerns.
