**The above map only pertains to motor vehicle repair shops & motor vehicle parts manufacturers, there are other state restrictions in place that we do not believe directly impacts our members. Additionally, this should be taken as legal advice but rather our interpretation of the guidance.*

FEDERAL

CISA has updated critical manufacturing in their [memorandum on identification of essential critical infrastructure workers during the covid-19 response](#) to include “workers needed to maintain the continuity of these manufacturing functions and associated supply chains”

The section reads: Workers necessary for the manufacturing of materials and products needed for medical supply chains, and for supply chains associated with transportation, energy, communications, food and agriculture, chemical manufacturing, nuclear facilities, the operation of dams, water and wastewater treatment, emergency services, and the defense industrial base. Additionally, workers needed to maintain the continuity of these manufacturing functions and associated supply chains.
